

SPECIAL USE OF SCHOOL BUSES

School buses shall be used primarily for school purposes, including extracurricular activities and other school-sponsored travel. When available and when it will not interfere with school programs or activities or have a detrimental effect on the operations or maintenance of the bus fleet, school buses may be used in support of municipally-sponsored non-school activities which are non-commercial and non-profit in nature. Such use of buses must be approved in advance by the Superintendent.

Use of buses for out-of-state travel or travel to New Brunswick or to any destination beyond a radius of 100 miles of the starting point within the District shall require the approval of both the Superintendent and the Board. Buses may not be used for travel to any Canadian province other than New Brunswick. Buses may not be used for overnight trips.

School buses used for non-school activities may be operated only by a bus driver employed by M.S.A.D. #29.

Community users will be charged for bus rental and fees to cover costs of operation, such as fuel, oil, maintenance, and insurance, and for the bus driver.
