

STUDENT AUTOMOBILE USE AND PARKING

High school students may be allowed to use automobiles and other motorized vehicles for transportation to and from school.

All vehicles so used must be properly parked in the designated school parking lot and may not be moved or entered during school hours, prior to dismissal of the student, without the permission of the Principal.

Students who do not observe the school rules regarding use of vehicles or who do not operate them on school property in a safe and prudent manner may lose the privilege to bring their vehicles to school.

RSU 29 accepts no responsibility for damages to vehicles that occurs while parked on school grounds.
